(CINCINNATI) -- DIRECTOR ALLEN DULLES OF THE CENTRAL INTELLIGENCE AGENCY BELIEVES THAT FORMER SOVIET PREMIER GEORGI MALENKOV MAY ASSUME A POSITION OF GREATER INFLUENCE IN THE KREMLIN.

IN A SPEECH IN CINCINNATI, DULLES SAID IT'S HIS GUESS THAT THE SOVIET DICTATORSHIP, BY ITS EMPHASIS ON SCIENTIFIC EDUCATION AND TECHNOLOGY, MAY BE SOWING THE SEEDS OF ITS OWN DESTRUCTION.

DULLES SAID SOVIET PRODUCTION OF MACHINE TOOLS NOW EXCEEDS THAT OF THE UNITED STATES. BUT HE SAID THEIR USE OF THESE TOOLS FOR CONSUMER GOODS LAGS CONSIDERABLY. HE POINTED OUT, FOR EXAMPLE, THAT THE U.S. TOPS RUSSIA, 50 TO ONE, IN THE PRODUCTION OF WASHING MACHINES.

DULLES RECALLED THAT MALENKOV, WHEN HE WAS SOVIET PREMIER, TRIED TO TURN OUT MORE CONSUMER GOODS AND--IN THE PROCESS--WAS DEMOTED. BUT DULLES NOTED THAT MALENKOV IS STILL IN THE POLITBURO--THE KREMLIN'S BOARD OF DIRECTORS. AND HE SAID MALENKOV MAY BE COMING BACK AGAIN TO A POSITION OF GREATER INFLUENCE.

DULLES IS A BROTHER OF SECRETARY OF STATE DULLES. THE C.I.A. DIRECTOR ADDRESSED A UNIVERSITY OF CINCINNATI FORUM.
